The orief facts of the case are that one group led by in-Pradhan of the said Panchayat is in lavour of the cause of the acamman. C. The fram Panchayat to Beoth a hamiet of towner, village haming situates which the other group led by the Up-Francian of the said fanchayat and the frame of the Mahila Manual Karange is in favour or recommon of management in the said fanchaya at Karange. With a new to had out the acam position to mean the Instruct fanchaya.

Officer. Simila was sked to make snot enquire and submit a detailed report. The District ranchavat Gincer after conducting snot enquiry has reported that Benth a hamlet of revenue vinage Kannoz is a centrally located stace of the Gram Sahna area whereas Karangla the present sequences of the Panchavat is situated at a extreme corner of the Gram Sahna.

I have considered the claims and counter-claims of both the parties for and against the source of the neadmarter and sone through the record of the case corefular. I find from the rough sketch of the Gram Sabha area Karangla premared by the District Panchayat Officer on the spot, which is at page 123 of the file, that Karangla the existing headquarter of Gram Fanchayat is simulated at the extreme corner of the Gram Sabha whereas Beoth a harm to of revenue vinage Kaimog is a centrally togated state. Moreover, the majority of population of Gram Sabha Karangia are in taxour of shifting of the headquarter of Gram Panchayat Karangia from Karangia to beath a namiet of village-Kaimog. I need that in fairness, to the public of the Gram Sabha, beoth is the centrally togated state for the headquarter of Gram Panchayat Karangia.
